INDIAN DIPLOMA IN CRITICAL CARE MEDICINE

Approved by the

ISCCM

Indian Society of Critical Care Medicine
Dadar, Mumbai- 400028, India

INDIAN DIPLOMA IN CRITICAL CARE MEDICINE (IDCCM)

01. Introduction

IDCCM aims at improving the quality of doctors working in Critical Care department. In the present era of scientific and technological advancement, doctors also need to update their knowledge and skill so as to provide cost effective quality care to patients in different specialty areas. IDCCM has been planned in order to prepare the qualified doctors to function effectively in all adult intensive care units.

02. Goal

The goal of critical care diploma programme is to provide specialized training in critical care departments which can provide tertiary level care to produce competency in various fields of management of the critically ill. Over a stipulated period of one year these specialists should be capable of providing high quality care in tertiary care centres. They shall recognize the health needs of the community and carry out professional obligations ethically and in keeping with the objectives of the Health Policy.

03. Objectives

After completing the IDCCM course the trainee should be able to:

1. Implement a comprehensive follow up and early intervention for the “At Risk” patients
2. Seek and analyse new literature and information in Critical care and practice evidence based medicine
3. Demonstrate adequate managerial skills.
4. Work as a productive member of the interdisciplinary team consisting of doctors, nurses and grassroot functionaries providing care to the critically ill

04. Seats

The total intake for IDCCM approved by ISCCM in our institute is two per year.

05. Duration

Duration of the Indian Diploma in Critical Care Medicine (IDCCM) is one year for MD/MS/DNB candidates and 2 years for DA/DTCD/D Ortho candidates.

06. Academic Eligibility

For the one year course:

MD Medicine/ Chest Medicine/ Pulmonology/ Anaesthesia/ Emergency Medicine
DNB Medicine/ Chest Medicine/ Pulmonology/ Anaesthesia/ Emergency Medicine/ General
Surgery / Orthopedics

MS General Surgery/ Orthopedics

Equivalent postgraduate foreign qualification recognised by MCI.

For the two year course:

Diploma (Anaesthesia/ Chest Medicine/ Pulmonology/ Orthopedics)

Post CTCCM (offered by ISCCM)

The base qualifications must be from a MCI recognized university.

In case of any doubt/controversy regarding the eligibility, the course coordinator should be consulted. Decisions by the ISCCM executive committee in this regard will be final & binding.

17. Code of Conduct

Every student is required to adhere strictly to the code of conduct of the college and hospital.

18. Preventive measures against ragging

According to the Kerala Prohibition of Ragging Act 1998, 'Ragging' means any disorderly conduct to a student of an educational institution, which causes or is likely to cause physical or psychological harm or raising apprehension or embarrassment to that student and includes teasing, or abusing or playing practical jokes or causing hurt to such students or asking a student to do any act or to perform something which such student will not in ordinary course be willing to do.

The Act makes ragging an offence. The punishment is imprisonment for a term up to two years and a fine up to ten thousand rupees to those convicted of committing, participating in, abetting or propagating ragging within or outside any educational institution.

The Act mandates dismissal of any student convicted under it from educational institution. Such student shall not be admitted in any other educational institution for a term of three years from the date of order of such dismissal.

On receipt of complaint of ragging, the Head of Educational Institution can suspend the accused student and is duty bound to enquire into the matter within seven days.
